**Subj: Thank You**

For almost (4) years now I've had the, "Honor & Privilege" of serving all US Military Veterans in Sabine and surrounding counties. During this time thru citizen donations via several collection jars placed in businesses throughout the county I have in addition to my primary VA related functions, been able to provide personal hygiene items, eating utensils & food, even a tank of gas or two for a few Veterans who fell upon hard times. Also, for some of our "Forgotten" Veterans in our two Nursing Home facilities in Sabine County, I have on your behalf been able to provide them with patriotic t-shirts, caps, sox, and personal small throw style blanks during Christmas or Patriotic holidays. A few dollars also went to purchasing "Wreaths" during the Christmas time "Wreaths Across America," drive. These Veterans and their families have expressed their sincere gratitude for these items.

I felt it was time for me, on behalf of all Veterans to say, "Than You," to the citizens who have made donations and let you know your small donations do add up.

**Respectfully  
Mr. T.L. (Shorty) Warren
